STASYA.HTML@GMAIL.COM www.linkedin.com/in/stasya-developer/ <https://stasyas.github.io/portfolio/>

Solution-driven Front End Developer adept at contributing to a highly collaborative work environment, complex-problem solving and improving customer satisfaction. Proven experience developing consumer-focused websites using HTML, LESS, JavaScript, React, (UX) design principles and best practices. Highly skilled and dedicated Front End Developer with 7 years of experience in developing user-friendly, responsive, and visually appealing web applications. Seeking a challenging position to utilize my technical expertise and creativity to contribute to the success of a progressive organization.

Skills:

- Proficient in HTML5, CSS3, JavaScript, JQuery and related frameworks/libraries (such as React).
- Strong understanding of responsive web design principles and cross-browser compatibility.
- Experience with front end development tools and preprocessors (e.g., webpack, Babel, SASS/LESS).
- Familiarity with version control systems (Git) and collaborative development workflows (Agile/Scrum).
